

List of Heat Pump Water Heater Incentive Programs

All of these programs support the installation of electric Heat Pump Water Heaters (HPWHs) to replace gas water heaters in existing buildings. They apply to single family homes, and some may also apply to single units in multifamily buildings. Please visit the program websites for more details and contact information. Projects that meet the eligibility requirements for multiple BayREN/CCA-funded program can be layered for a larger incentive unless marked otherwise.

Program	Incentive Amount	Who Applies	Eligible Customers	Qualifying Equipment
BayREN Home+¹ bayren.org/how-get-started/single-family-homeowners	\$400 for gas to electric HPWH conversions \$250 for electric resistance to HPWH conversions	Customer or Contractor ²	Residents of all 9 Bay Area counties (excluding Palo Alto, Healdsburg, City of Alameda and SVP customers)	UEF ≥3.3
BayREN HPWH Contractor Program	\$1,000	Contractor	CPSF and SVP customers (Administered by BayREN)	UEF ≥3.1 & NEEA Tier 3 or above compliant
City of Alameda alamedamp.com/371/Heat-Pump-Water-Heater-Rebates-Commercial	\$1,500	Customer	Alameda Municipal Power residential customers	ENERGY STAR® Certified
Electrify Marin marincounty.org/depts/cd/divisions/sustainability/energy-programs/electrify	\$1,000 +\$1,000 if income qualified	Customer	Residents of Marin County	UEF ≥3.0 & NEEA Tier 3 or above compliant
Sonoma Clean Power scpadvancedenergycenter.org/residential-rebates	\$3,100 (up to \$5,000 for CARE/FERA customers) \$5/month bill credit for participating in demand response	Customer	Sonoma Clean Power customers	UEF ≥3.43, Wi-Fi Capable. <i>Thermostatic Mixing Valve required with installation.</i>
Palo Alto HPWH Program⁴ cityofpaloalto.org/Departments/Utilities/Residential/Save-Energy-Water/Heat-Pump-Water-Heaters	\$2,300 (replacing natural gas) on or after October 4, 2022 \$1,500 (replacing natural gas) on or before October 3, 2022 \$500 (replacing electric) on or after October 4, 2022	Customer	Palo Alto Utility customers	UEF ≥2.87 and/or ENERGY STAR® certified
PCE HPWH and Panel Upgrade Incentive Program peninsulacleanenergy.com/heat-pump-water-heater	\$3,000 (replacing methane gas HPWH) \$500 (replacing electric resistance water heater) \$1,000 CARE customers \$500 before March 31, 2023 \$1,500 for electrical panel upgrade	Contractor ²	Peninsula Clean Energy customers	UEF ≥3.1
